The Marcolin S.p.A. board of directors, chaired by Giovanni Marcolin Coffen, met today to approve the financial report for the Marcolin Group for the first quarter of 2007.

REVENUES

For the first quarter of 2007, consolidated net revenues for the Group totaled €53.7 million, for a significant increase of 31.4% over the same period of 2006 (€40.8 million), confirming the validity of the actions of management and continuing the increase over the figures posted throughout 2006.

This increase in sales was achieved with the contribution of revenues in all of the main lines in the company's portfolio, particularly those of Roberto Cavalli Eyewear and Montblanc Eyewear, as well as the most recently launched lines such as Tom Ford Eyewear, Just Cavalli Eyewear, Ferrari and Web Eyewear.

Revenue growth was seen in all of the Group's leading market, with the only exception being the subsidiary Céb , which posted a decline in sales (of €0.8 million) due, in part, to the poor performance of the winter season as a result of unfavorable weather conditions.

Sales by geographic area break down as follows:

OPERATING PROFIT

EBITDA came to €7.2 million (€1.4 million as at 31 March 2006) for a margin on sales of 13.4% (3.4% for the same period of 2006).

EBIT came to €5.9 million (compared to the loss of €0.8 million at 31 March 2006) for a margin of 11% (1.9% as at 31 March 2006).

The significant increase in overall financial performance for the Group was primarily due to the growth in sales, with a consequent absorption of fixed costs and overhead, as well as to efficiency improvements achieved by nearly all of the

companies of the Group following the reorganization of production and sales over the last two years.

With regard to Céb , the expected difficulties encountered in the marketplace led to a reduction in sales margins, which resulted in an EBITDA loss of €0.6 million (essentially breakeven for 31 March 2006).

NET EARNINGS

Net income for the period came to €2.4 million (for a margin of 4.4%), a clear improvement over 31 March 2006 (a loss of €1.9 million).

NET FINANCIAL POSITION

Net debt for the Group as at 31 March 2007 totaled €30.9 million (€45.4 million at 31 March 2006) for an improvement of €1.1 million over 31 December 2006, which was primarily the result of cash flows from operating activities.

Antonio Bortuzzo, Managing Director and General Manager of Marcolin S.p.A., observes, "For the first quarter of this year, the Group has posted highly satisfying results, both in terms of sales growth and in profitability improvements. These results were achieved thanks to the contribution of all collections in our portfolio, and they confirm the validity of the actions taken by our management. Our focus is now on the subsidiary C b  in order to continue in the process of selling this company's assets and to prepare a plan to redevelop the C b  brand so as to return to profitability."

Listed on the Italian stock exchange, Marcolin is a leader in eyewear and stands out within the luxury market for the high quality of its products, its attention to detail, and its prestigious distribution. In 2006, the company manufactured and sold 5.5 million pieces of eyewear in some 600 models.

Its licensed brand portfolio includes: Cover Girl Eyewear, Ferrari, Just Cavalli Eyewear, Kenneth Cole Eyewear, Miss Sixty Glasses, Montblanc Eyewear, Replay Eyes, Roberto Cavalli Eyewear, The North Face Eyequipment, Timberland, and Tom Ford Eyewear. The group's own brands include Marcolin and C b .
